

# Country Focus: China

## Specialized in oil and gas projects, heavy lift, and chartering operations.

Altus is well positioned in China to provide the resources and expertise to help our customers grow, expand, and compete in this rapidly growing marketplace.

With offices in Hong Kong, Shanghai, Guangzhou, and Shenzhen, Altus performs customs clearance, chartering, and loading of vessels as well as domestic transportation throughout China. The office in Guangzhou co-ordinates and handles operations for local and international clients.

With our high standards of safety, quality, and operational excellence, you can be assured that there will always be qualified Altus personnel on site for lifting or loading operations within China to provide our customers with the high level of service associated with the Altus brand.

Our people are highly trained experts who share a common philosophy of "need it yesterday" when meeting the needs of our customers.
