

Country Focus: Malaysia

An integrated, value-added service provider for the oil & gas industry.

Altus Malaysia is backed by Altus Logistics' years of experience and expertise as a global establishment. Altus Malaysia will focus on offering high-quality, integrated services to the oil and gas and project logistics markets. A list of our services is provided in the column to the right.

With offices in Kuala Lumpur, Johor Bahru, and cargo handling and storage facilities in Labuan, Altus Malaysia is well positioned to provide the resources and expertise required by our customers throughout Malaysia.

With a local set up and supported by our global network, we provide our customers with opportunities to expand their business to domestic and international markets.
